27 **DECISION ON APPEAL UNDER 35 U.S.C. § 134**
28

29 **A. Discussion**

30 The appeal is from a decision of the Primary Examiner rejecting
31 claims in an application seeking to reissue U.S. Patent 4,883,527, issued
32 28 November 1989.

33 The real party in interest is Glasstech International L.P.

34 The patent sought to be reissued expired on 28 November 2006.

Because the patent sought to be reissued has expired, there is no longer a patent to be reissued. Accordingly, the issues raised by the appeal are moot. *In re Morgan*, 990 F.2d 1230, 26 USPQ2d 1392 (1993). *See also In re Ball Corp.*, 925 F.2d 1480, 18 USPQ2d 1491, 1492 n.1 (Fed. Cir. 1991) (non-precedential: court did not review amended claims in a reexamination where patent had expired—since claims would not be issued there was no occasion for court to review patentability of those claims).

B. Order

Upon consideration of the appeal, and for the reasons given, it is

ORDERED that the appeal is dismissed.
